39) In Government Order No. E 3102-86/R & P S , dated 6th December 1945, the offices of the City Municipal Council and the City Improvement Trust Board, Mysore, have been amalgamated into one unit for purposes of recruitment The grade, Rs 40-2-50 in these units, which was at the bottom of class I under the old classification of appointments, has now become, under the new classification, class II appointments As this grade is a higher one in class II, vacancies therein are to be filled up by promotion from the lower grade in that class, under the existing general rules of recruitment But proposals have, however, been submitted to Government that the vacancies in such of the grades as were being filled up by direct recruitment originally, should even after the reclassification be registered and classified into general and special and filled up on communal ratio required under the rules of recruitment and not on the basis of seniority Orders of Government are awaited in this behalf There can, however, be no objection for filling up the existing vacancies in grade Rs 40-2-50 by promoting officials from the lower grades Rs 25-1-40 on an interim basis

Sir,

I have the honour to state that the Government have in their Order Nos.L 12160-3/M1 12-43-22 dated 6th June 1944 and L 531-5/M1 12-43-24 dated - 19th July 1944 sanctioned certain additional temporary clerical posts in -- higher grades and have ordered to place certain existing temporary posts of clerks on a permanent basis and consequently the marginally noted vacancies in Class I have occurred in the Trust Board The Trust Board Office was at first - considered a separate unit - and separate lists of candidates had also been issued since however the vacancies occurring in this unit were few and far between, the Public Service Commission proposed the amalgamation of this unit with that of the President, City Municipal Council, Mysore, for purposes of recruitment and the General Secretary to Government in his Circular letter No E 4134-234-R & P S 21-42-2 dated 28th April 1943 requested that the opinion of the Chairman, may be furnished in - the matter It was replied in this Office No A4 C-1347/42-43 dated 13th - May 1943 that there was no objection to the above proposals but no final -- orders of Government re the proposed amalgamation has been received However, the vacancies if any occurring in Trust Board are being filled up by -- transfer of officials from the Municipality and the consequential vacancies in the Municipality being disposed of according to C R B Rules

One Temporary post on Rs.40-2-50 sanctioned for Elgin Fountain scheme
One Post on Rs 50-2-60 to work under the Acquisition Officer
One Temporary post on Rs.40/- made permanent & converted into Rs 40-2-50 rendered vacant as the temporary clerk on Rs 25/- who was hitherto counted against the post on Rs 40/- was confirmed in a separate vacancy

2 Due to the necessity for continuing certain acting arrangements previously made in the Municipality in grade 50-2-60 the additional post on - Rs 50-2-60 now sanctioned for the Trust Board had to be filled up by transfer

of an official in that grade from the Municipality to the Trust Board The consequential vacancy on 40-2-50 in the Municipality having already been taken for Classification at the time of the previous acting arrangement, the two vacancies on 40-2-50 in the Trust Board as detailed above become direct recruitment vacancies as per Classification Register of - the Municipality The list of Class I Candidates in the Municipality has been exhausted and no candidates are at present available for appointment In this connection I am to state that the Trust Board Office is a small office consisting of 8 officials excluding the additional establishment now sanctioned The posts of Manager and Chief Clerk are generally filled up by officials of Comptroller's Office and the Revenue Department respectively Hence the chances of promotion of officials in the lower grade are very restricted inspite of their long and useful service to the Board It is only now that on account of the increased activities of the Board a few vacancies in higher grades have occurred and it is considered fair that officials of the Board with long service to their credit are benefited by it Moreover the work in the Trust Board is of a special and technical nature and the work for which the additional posts are now sanctioned is both responsible and heavy It would not be in the interests of work that inexperienced recruits are put in charge of works requiring experience and competence to handle them In view of the limited scope for promotion available in the - Trust Board for the Officials in the lower grade and in consideration of the fact that important works for which additional hands are now -- sanctioned require experienced and competent officials and also on -- account of the non-availability of Class I candidates approved by the Public Service Commissioner, I have made the following arrangements - for filling up the two posts on 40-2-50 subject to the approval of - Government -

1) Mr M.Guruviah, permanent clerk on Rs 36/- in the Trust Board in grade 25-1-40, Yadava by community who has put in 22 years of service in the Board and is 49 years of age is promoted as clerk on 40-2-50 -- against the post on Rs.40/- now made permanent and converted into graded one on Rs 40-2-50, in consideration of his long service in the Trust -- Board. This will enable him to reach Rs.50/- at the time of his re-

tirement after a service of about 28 years excluding the period of 4 years during which he was employed in the work establishment of the Board

2) The other temporary vacancy on Rs 40-2-50 sanctioned for the Elgin Fountain Road has been filled up by appointing Mr M Sadasivaiah, Clerk, a Vokkaligar by community He is a permanent clerk on Rs.27/- in grade 25-1-40 in the Municipality and a temporary Water Revenue Inspector on Rs 40/- plus C A 5/- and had been appointed Ag Clerk on in grade Rs 40-2-50 in one of the direct recruitment vacancies for want of Class I candidates and posted to the Trust Board As the appointment was not approved by the Public Service Commissioner, he is now - under orders of reversion to the Municipality as Water Revenue Inspector on Rs 40/- He has already passed the Local Boards' Test and he has further qualified himself after transfer to the Trust Board by passing Accounts Higher Examination On account of enlarged activities of the Board the work in the Accounts' Section has considerably increased There are no trained -- accounts clerks in the Trust Board Office as in Public Works Department Divisions though the work here is of a similar nature His retention in this office is therefore considered necessary and his work has also been found to be satisfactory

3 Under the circumstances explained above, I request that sanction of Government may kindly be obtained for the above two appointments made by me in anticipation of sanction The resulting Class II vacancies will be disposed of according to Central Recruitment Board Rules.

4 In this connection, I request that general sanction of Government may also be kindly obtained for filling up higher -- grade vacancies in the Trust Board by the promotion of existing officials in view of the smallness of the establishment and the long intervals between the occurrance of vacancies,as a measure of encouragement and as an incentive for good work to those --

FROM

To

The Legal Remembrancer & Secretary to the
Government of His Highness the Maharaja of Mysore,
Law Department, Bangalore

Sir,

With reference to your letter No L 9395 dated 20th March 1945 re. certain appointments on Rs 40-2-50 made by this office, I have the honour to state that as already explained in my letter No A4 C 24/44-45 dated 14th August 1944 no final orders of Government have been received in the matter of amalgamation of the units of the Chairman, City Improvement Trust Board and President City Municipal Council though for purposes of recruitment both the offices are being considered as one unit Promotion to higher grades in the Municipality is subject to passing of the Municipal and Local Boards' Examination while no such restriction applies to the Trust Board, the work in the latter office being similar to that of a Public Works Department Division Office The case of Mr M Guruvaiah for promotion to the grade of 40-2-50 was recommended on the ground that he has put in a continuous service of 22 years in the Trust Board and is nearly 50 years of age and that his promotion to the grade now would just enable him to reach Rs 50/- at the time of retirement after a service of about 28 years His case cannot be compared with other officials of the Municipality who have been subject to transfer from Revenue Department and vice vdrsa and whose promotions are subject to passing of Departmental Examination Having all along worked in the Trust Board for the last 22 years and being too aged for passing any Examinations he cannot look forward for promotions elsewhere than in the Trust Board The chances of promotion in the Board are very limited, there being only 3 places on 40-2-50 including the one now under consideration The Government may therefore be pleased to approve of his promotion to the grade of 40-2-50 under the circumstances explained

2 With regard to the case of Mr M Sadasivaiah, I am to state that h has been since transferred to Municipality in a promotion vacancy on 40-2-50.

P T.O.

Pending orders of Government re: the recommendation made in the last para of my letter of even No dated 24th August 1944 for the promotion of the existing officials of the Board to higher grade without classification, Mr.S.Lingaiah, the next senior Backward community clerk has been tentatively promoted to the grade of 40-2-50 in place of Mr M Sadasivaiah Being the senior-most clerk in the lower grade in the unit he will be absorbed in grade 40-2-50 in the next promotion vacancy His tentative promotion to grade 40-2-50 till he is absorbed in a promotional vacancy in the unit may also be kindly approved
